

REMARKS

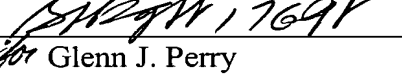

In response to the species election requirement, Applicant elects the species of Figure 11 for examination. Applicant believes that claims 7, 34 and 35 read on the elected species. Applicant also believes that Figure 20 relates to the elected species. Furthermore, the specification recites that the elected species may be applied to other aspects of the invention. Thus, the elected species further relates to: Figure 1 (finder); Figure 6 (finder); Figures 7 and 8 (display); Figure 9 (HMD); Figures 11, 12, 13, and 14 (display); Figures 15 and 16 (glasses); Figure 17 (combined glasses and display); Figure 18 (optical pickup), and Figure 19 (measuring device).

An examination on the merits is requested.

All objections and rejections having been addressed, it is respectfully submitted that the present application is in a condition for allowance and a Notice to that effect is earnestly solicited.

Respectfully submitted,
